

## **KINGSVILLE TOWNSHIP SPECIAL MEETING November 28, 2018**

Wednesday, November 28, 2018 at 6:00pm at the Fire Hall.

The meeting was called to order by Jim Branch, Chairman, at 6:00pm to discuss existing agreements concerning the joint maintenance of Hadlock Rd.

All Trustees were present and joined by the Plymouth Township Trustees, David Waldron, Jody Bancroft, and Debbie Friedstrom, and the Plymouth Township road superintendent, Mike Wayman. Kingsville Township road superintendent, Neal Stewart, joined the meeting later.

Two existing agreements were discussed. The first agreement dealt with the “terms and conditions of the exchange of labor and equipment between the townships and to a method of accounting of such exchanges.” This agreement was last agreed to in 2012. All trustees agreed to re-approve this agreement without modification.

The second agreement dealt with the maintenance of the section of Hadlock Road under the joint authority of Plymouth and Kingsville Townships. It was agreed to modify the existing 2002 agreement with the following conditions:

- Plymouth Township would take full responsibility for winter plowing.
- Kingsville Township would take full responsibility for roadside mowing and provide 22 tons of road grit for winter plowing to Plymouth Township.
- Yard pipe installation, ditch cleaning, berm maintenance, signage, and tree & brush removal will be done by each respective township for their side of the road.
- Plymouth and Kingsville Township will coordinate, as necessary, with each other to maintain the road surface and cross-over pipes.

The agreements will be rewritten, reviewed, and considered at subsequent township meetings.

Mike Cliff made a motion to adjourn the November 28, 2018 special meeting. Karl Brunell seconded; all yes.
